

# Receiving Emergency Information

Enter your mobile number into the Emergency Notification Network (ENN) via CaneLink to receive critical life safety information from the University during emergencies.

Go to [canelink.miami.edu](http://canelink.miami.edu) from your mobile device or computer

## MOBILE INSTRUCTIONS

The mobile app navigation flow is as follows:

- Dashboard**: The main menu with a gear icon.
- My Information**: A dropdown menu containing "Addresses" and "Phones".
- Phones**: A screen with a "+" icon and a "Mobile" button.
- Phones (Mobile)**: A screen with a "Mobile" section containing a text input field with "305/284-6666", an "Extension" field, and a "001" field. A "Preferred" checkbox is checked.
- Save**: A button at the bottom of the screen.

## COMPUTER INSTRUCTIONS

The computer web interface navigation flow is as follows:

- CaneLink**: The main website header with navigation links.
- Personal Information**: A section with a dropdown menu containing "Addresses", "Email Addresses", "Languages", "Phone Numbers", "Privacy Settings", and "other personal...".
- Contact Information**: A section with "Permanent Address" and "Local" options.
- Phone Numbers**: A section with a table for entering phone numbers.
- Save**: A button at the bottom of the page.

*Phone Type	*Telephone	Ext	Country	Preferred	
Mobile	305/284-6666		001	<input checked="" type="checkbox"/>	delete
Permanent	000/000-0000		001	<input type="checkbox"/>	delete
